UNITED STATES DEPARTMENT OF AGRICULTURE

SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

OCTOBER 1936

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each or 25 cents a year (foreign, 60 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 522.—*In re Emerson Yake*, Springfield and Washington Court House, Ohio. The Acting Secretary of Agriculture on April 14, 1936, suspended the registration of respondent as a market agency or dealer at the Springfield Livestock Sales Co. Stockyards and the Washington Court House Union Stock Yards for a period of 6 months from April 18, with leave, however, to apply for revocation of this suspension upon filing satisfactory proof of having secured a reasonable bond or other form of satisfactory indemnity to secure the performance of his obligations. The operator of the Springfield Livestock Sales Co. Stockyards at Springfield has advised this Bureau that respondent must be prepared to pay cash or give certified checks covering all purchases made at that market. The respondent, on September 26, furnished proof that a satisfactory bond had been secured covering his operations on the Washington Court House Union Stock Yards at Washington Court House, and applied for a revocation of the suspension; therefore, on October 17 the above-mentioned suspension was revoked.

Docket No. 526.—*In re D. Panesh*, New York, N. Y. The Acting Secretary of Agriculture on February 24, 1936, directed that a hearing be held on March 2 to allow the respondent opportunity to show cause why her application for license, made under the act of Congress approved August 14, 1935, amendatory to the Packers and Stockyards Act, should not be denied. From the evidence adduced at the hearing, it was found that the applicant had complied with the requirements of the act and is financially able to fulfill her obligations incurred as a licensee; therefore, on October 24 the applicant was notified that a license for buying and handling live poultry would be issued to her.

Docket No. 537.—*In re Jack Cohen and Jacob Simels*, New York, N. Y. On October 14, 1936, the respondents submitted a motion to reopen the above-entitled case for the purpose of taking further testimony and to vacate the order of the Acting Secretary of Agriculture issued on July 27, 1936. After due consideration, it was ordered on October 15 that the case be reopened for the purpose of taking additional testimony and for other pertinent and relevant purposes. It was also ordered that such testimony should be taken before an examiner designated by the Secretary beginning on October 19 and that Dockets Nos. 573, 574, and 575 should be consolidated with this docket and testimony in each case be taken at the same time and place. The above-mentioned hearings were held on October 19 and 20.

Docket No. 568.—In re D. C. Cleveland, Cynthiana, Lexington, Richmond, Paris, Mount Sterling, Winchester, and Flemingsburg, Ky. The Acting Secretary of Agriculture on July 16, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed to comply with the bonding regulation, which required that he increase his bond from \$3,000 to \$5,000. On September 24 satisfactory proof was received that respondent had increased his bond in the proper amount; therefore, on October 20 the proceedings were dismissed.

Docket No. 570.—In re Emmet Flanery and Ole Steensen v. Cline and Aitken, Omaha, Nebr. The Acting Secretary of Agriculture on August 6, 1936, issued an inquiry alleging that respondents had violated the Packers and Stockyards Act in that they had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection with the buying and selling of livestock in commerce. A hearing was held on August 21 and 22. The Government was represented by counsel, and the complainants appeared in person, but respondents failed to appear either in person or by counsel. On October 10 the Acting Secretary ordered respondents to cease and desist from engaging in and using the unfair and deceptive practice and device of refusing to pay drafts drawn on them by country buyers who are authorized by them to buy livestock for shipment to respondents and who are authorized by respondents to draw drafts on them in payment for such livestock; also to cease and desist from engaging in and using the unfair and deceptive practice and device of refusing to pay drafts drawn on them in payment for livestock sold to them when, with knowledge that such drafts had been drawn, they accepted and sold such livestock, or had it sold for them, on a commission basis. Respondents were also ordered to pay Emmet Flanery the sum of \$47.96 and Ole Steensen the sum of \$23.97 together with interest thereon at the rate of 6 percent per annum from January 15, 1936.

Docket No. 577.—In re Studna Horse & Mule Co., South St. Joseph, Mo. The Acting Secretary of Agriculture on September 23, 1936, issued an inquiry, alleging that respondent had violated the Packers and Stockyards Act in that it had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees to secure the performance of its obligations incurred as a market agency and dealer. As the respondent has now furnished a satisfactory bond, the case was dismissed on October 13, 1936.

Docket No. 588.—In re Lawrence Avenue Live Poultry, Chicago, Ill. The Acting Secretary of Agriculture on October 10, 1936, directed that a hearing be held on October 12 to allow the respondent opportunity to show cause why its application for license, made under the act of Congress approved August 14, 1935, amendatory to the Packers and Stockyards Act, should not be denied. From the evidence adduced at the hearing, it was found that the applicant had complied with the requirements of the act and is financially able to fulfill its obligations incurred as a licensee; therefore, on October 30 the applicant was notified that a license for buying, selling, and handling poultry would be issued to it.

Docket No. 589.—In re Abraham Schut, Chicago, Ill. The Acting Secretary of Agriculture on October 10, 1936, directed that a hearing be held on October 12 to allow the respondent opportunity to show cause why his application for license, made under the act of Congress approved August 14, 1935, amendatory to the Packers and Stockyards Act, should not be denied. From the evidence adduced at the hearing, it was found that the applicant had complied with the requirements of the act and is financially able to fulfill his obligations incurred as a licensee; therefore, on October 30 the applicant was notified that a license for buying, selling, and handling poultry would be issued to him.

Docket No. 590.—In re C. V. Fowler, Chicago, Ill. The Acting Secretary of Agriculture on October 10, 1936, directed that a hearing be held on October 12 to allow the respondent opportunity to show cause why his application for license, made under the act of Congress approved August 14, 1935, amendatory to the Packers and Stockyards Act, should not be denied. From the evidence adduced at the hearing, it was found that the applicant had complied with the requirements of the act and is financially able to fulfill his obligations incurred as a licensee; therefore, on October 30 the applicant was notified that a license for buying, selling, and handling poultry would be issued to him.

Docket No. 591.—In re Chicago Potato Co., Chicago, Ill. The Acting Secretary of Agriculture on October 10, 1936, directed that a hearing be held on October 12 to allow the respondent opportunity to show cause why its application for license, made under the act of Congress approved August 14, 1935, amendatory to the Packers and Stockyards Act, should not be denied. From the evidence adduced

at the hearing, it was found that the applicant had complied with the requirements of the act and is financially able to fulfill its obligations incurred as a licensee; therefore, on October 30 the applicant was notified that a license for buying, selling, and handling poultry would be issued to it.

Stockyards Posted

The Muskogee Stock Yards, located at Muskogee, Okla., was posted as coming within the jurisdiction of the Packers and Stockyards Act on October 2, 1936.

OFFICIAL DUTY ON HOLIDAYS

The attention of all employees of the Bureau is called to Personnel Circular No. 31, issued by the Department on October 14, 1936, a copy of which was sent to all field stations at the time of issuance. This circular reads as follows:

EMPLOYEES MAY NOT BE EXCUSED FROM DUTY ON LOCAL, STATE, AND TERRITORIAL HOLIDAYS

In accordance with an opinion from the Solicitor of this Department, dated September 30, 1936, there is no authority in law for the Secretary of Agriculture or any subordinate official in the Department of Agriculture to authorize the closing of a Government office or the excusing of Government employees from duty on local holidays. The new annual leave regulations, section 11, provide only for the noncharging of annual leave on "Sundays, legal holidays, and holidays declared by Executive order, and nonwork days established by administrative order in accordance with law." This language does not contemplate local holidays but is restricted to national holidays, unless otherwise declared by Executive order.

It follows that if an employee is excused from duty on a local holiday, the absence must be deducted from his annual leave. The one exception to this rule heretofore recognized by the Solicitor's office in keeping with opinions of the Court of Claims and decisions of the Comptroller General is that in cases where an employee reports for duty, or is in position to report for duty and the Government is not in position to utilize his services, the employee is entitled to compensation for such duties and his enforced absence is not deductible from his annual leave. That is to say, if the buildings in which the departmental employees in the State or Territory are stationed are closed on local holidays, or for some similar other reason employees who work in the open find it impossible to perform their usual services, they may be excused from duty without deductions being made from their annual leave.

Furthermore, it is not believed that the nonapplication of the 7-hour work day to the field service will allow administrative officers to anticipate local holidays, excuse employees thereon, and so stagger the hours that such employees may be required to work extra hours on days preceding or following said holidays so as to bring their working hours up to a weekly minimum of 39, for the reason that the holiday statutes take no cognizance of local holidays but relate solely to holidays declared by law or Executive order. It is not, therefore, within the province of any local administrative officer to create or make possible a nonwork day which falls outside the provisions of statutory law.
